KEEP RAMIREZ FARM PUBLIC!

Ramirez Farm on Alvarado-Niles Road Is at RISK. **Union City** submitted a notice for the 140-year-old farm to close by the end of 2023. Ask Fremont and Union City for community meetings to provide feedback! Why?

Say NO to Highway 84 using this route going through this FARM.

Fremont and Union City are working together for an east west connector/expressway, Quarry Lakes Parkway above. It's the new Highway 84 (dark black line above) and will replace existing Highway 84 paid by using our local transportation funds to build and maintain. Traffic congestion will increase.

Fremont and Union City want to buy California's 140-year-old farm to build a faster bypass for Highway 84 traffic. **Keep Ramirez Farm Public.**
